MICHIGAN CENTRAL CONDUCT-
ING SAFETY FIRST CAMPAIGN.

Local Employees to Attend Big Saf-
ety Rally at Bay City Saturday.

The Michigan Central railroad sys-
tem is conducting a most unique
"Safety First" campaign as a part of
the "National Railroad accident pre-
vention drive."

Twenty-three cities located on their
roads are scheduled for large meet-
ings at which local leaders as well as
visiting campaigners will address the
railroad forces in an effort to inspire
the utmost co-operation toward the
elimination of preventable accidents.
It is anticipated that the meetings
will be attended by an aggregate of
about 50,000 employees of the New
York Central system and their wives
and families.

The campaign is now in progress.
Having started October 18th and will
continue to October 31st. Since the
practice of "safety first" does there
has been a wonderful falling off of
accidents and oftentimes their resultant
deaths. During the first six months
of 1919 there were 1091 less deaths,
and 20,229 less personal injuries on
the American railroads, than in pre-
vious equal periods and safety officials

believe that with sufficient education
among railroad workers all the abso-
lutely unavoidable accidents may be
eliminated.

The Safety Squadron, which has
the meetings in charge, will hold a
big rally at Bay City next Saturday
evening at 8:00 o'clock at the Masonic
temple, where the employees of the
Mackinac and other lines running in-
to that city will go to hear the lec-
tures and witness the fine play that
will be presented by a troupe of pro-
fessional actors that will play "The
House that Jack Built." This play
they are giving at each of the twenty-
three cities in the circuit. Besides
these there will be high class musical
and vaudeville entertainers. Those
who attend are promised a fine treat
in the way of entertainment, as well
as the instruction features that are
intended for education against acci-
dents.

The big slogan with railroad em-
ployees these days is "Don't you get
hurt." This may well be applied to
others not in the railroad work, to
the welfare of our people generally
and many of the suggestions offered
should be adopted, to the great prof-
it and comfort of the fathers and sons
of the working classes.

It is expected that there will be a
large crowd of the local railroad em-
ployees to attend the Bay City meet-
ing Saturday. Passes will be issued
to all that wish to attend.

Harness.

If you want a good driving harness
cheap, go to C. O. McCullough's shop,
and take it home.

NOTES OF THE GRAYLING SCHOOL

Edited by I. y & z.

Educate! Educate! Send books
throughout the land; educate all the
people and we can bid defiance to the
schemes of tyrants.

Patrick Henry.

Coming! Big Circus!

Grayling is to be favored with a
Circus, which is considered the best
ever shown in Northern Michigan.
On account of the unusual fall in
temperature, the manager has engaged
for November 7, the High School
gymnasium, in which the Giggling
Circus will have performance. This
company is not only known for the
skill of its performers and animals,
but also for the great side attractions.
Among these there will be Aurilla,
the dancing girl, the acrobatic ride,
Merry-go-round, and Candy booth.
When the big performance begins all
side attractions will be closed. Come
early and avoid the rush.

Miss Macauley and Mr. Fox have
organized the Basket Ball teams.
Three cheers for the G. H. S.

In naming the numerous gifts given
to President Wilson of late, a History
student named a Mosaic. When
asked to explain, he said it was a
"music box." Haven't seen him con-
sulting Webster lately, have you?
The French Class learned a
French song last week. The boys
learned at least one thing from it.
You can say "My Dearie" and not be
understood by all.

Second Grade.

Preparation for winter, by man, an-
imals, birds, flowers, trees and insects
was the topic for the first week.

In connection with the study of
grain, Jean Millet and his picture,
"The Gleaners," was studied first. A
brief sketch of the life of the painter,
the different parts of the picture with
the interesting features of light and
shadows was brot out, and its
effect on the objects was discussed,
then the story the picture told, brot
out orally by the children. Booklets
were made with a few sentences about
the painter, and the story written in
them with individual pictures of
"The Gleaners" for each.

The "rules" has been an interest-
ing study. The children learned to
spell "ruler," then that there were 12
inches in that ruler, and that by put-
ting 3 rulers together we had a yard.
They learned that 12 inches also
made 1 foot and 36 inches made 1
yard. These words were taught as a
spelling lesson also. They learned
to abbreviate the words and write
them the shortest way, as inch, in,
etc. Next the children discovered
how to measure and then actually
measured their own desks, and found
how many inches. They learned in
connection with this, length and
width. This was found to be very
interesting and they worked it out in
fine shape.

Several poems have been learned,
one by Robert Louis Stevenson, "Bed
in Summer," they enjoyed very much
and indirectly the poem taught length
of days and nights in winter and sum-
mer. This they discovered them-
selves. Three or four dramatiza-
tions have also been worked out.

In speaking of Roosevelt one child,
when the question was asked, what
great man recently died, within the
year, was seen frantically waving
his hand in the air, and gave in reply
this answer: "Columbus." It only
shows they had been reading, if the
material was a trifle dusty.

Miss Force—Third Grade.

Friday the girls gave a marshmel-
low roast and Monday the boys.

Miss Rodgers—Sixth Grade.

A partridge flew through a hole in
the sixth grade window the other
day. The children wrote a composi-
tion on it.

NUISANCE OR NECESSITY.

A nuisance is, "that which annoys
or gives trouble and vexation." A
necessity is defined as, "something in-
dispensable." In the endeavor to put
things in their proper place, under
which of the above heads does the
church come. Is the church a nu-
isance or necessity? Sooner or later
all people unite to put the nuisance
out of business. But the church has
been around for hundreds of years and
is gaining strength each year. If the
church is a necessity then a good
many people are not getting all the
benefit that they might from this hel-
ping of the people. O. y. z. has con-
sidered the benefit of the good influence
and christian spirit of the church but
many do not get into the spirit of the
church and enjoy her life.

There may be a class who would say
the church was a nuisance but that
class has not the respect of the de-
cent law abiding people. The Michel-
son Memorial church hopes for a place
called necessity in the life of the peo-
ple of Grayling. The Sunday school
can never have anything but the best
influence over the children and youth.
When the young people of Grayling
are at the church we will vouch for
their receiving something good. More
people should fall in for the step to-
ward the church next Sunday. Take
the children by the hand and bring
them with you. Room for all.

Morning services at ten-thirty fol-
lowed by the Sunday school. Even-
ing services begin next Sunday at
seven o'clock. C. E. Doty, Pastor.

ROOSEVELT MEMORIAL MEET- ING WELL ATTENDED.

Judge Brown of Saginaw and Rev.
Riess Make Splendid Appeals.

There was an enjoyable program
given at the School auditorium, Fri-
day night of last week under the au-
spices of the Roosevelt Memorial as-
sociation, when Clarence M. Brown,
circuit judge of Saginaw, and Rev.
Fr. J. J. Riess of this city gave splen-
did tributes in memory of Theodore
Roosevelt.

As usual the Grayling band con-
tributed several selections for the oc-
casion, adding largely to the pleasure
of the evening. There were a few
brief remarks by O. P. Schumann,
county chairman of the Association,
and invocation by Rev. Riess. After
another selection by the band there
was a brief flag ceremony. The flag
was presented on the platform by
Miss Ruth McCullough. George L.
Alexander then read the following:

"Theodore Roosevelt loved this
flag. He served it on the battle-
field and in the heat and bitterness of
political strife. He fought to keep it
clean, inasmuch as he fought for clean
and decent government, for justice
without and within, for democracy,
for equal opportunity and the fearless
enforcement of just laws. He strove
for the unity of which these stars
and stripes are the outward sign, ac-
knowledging no flag but this Ameri-
can flag, no language but the lan-
guage of those who made it a symbol
of free men, no loyalty but loyalty to
the American people who have hal-
lowed this flag with their blood.

"Because he loved this flag, because
he served it, because he fought for it,
because he recalled to our hearts the
principles it stands for and the glory
of serving those principles, whatever
the cost—therefore we have gath-
ered together this day to honor
him, who needs no honor we can be-
stow, but, in remembrance of him and
of his service, to pledge to this flag
our hands, our hearts and our spir-
its."

Mr. Alexander was responded to
by Prof. M. Otterbein as follows:

"Flag of our country, remember-
ing this day, the loyalty and devo-
tion with which thy sons, great and
obscure, have served thee, here and in
distant lands, we dedicate ourselves
anew to government of the people,
for the people, by the people; to fair
dealing at home and abroad; and to
that undivided Americanism for which
thy true sons have ever been glad to
die. Keep our vision pure, our hands
clean. Lead us in the way of truth
and justice, and in the service of
righteousness make us the leaders of
mankind."

The audience, lead by the High
school choir, under direction of Miss
Parr, sang "Onward Christian Sol-
diers." This was followed by the prin-
cipal address of the evening, Judge
Brown paying in his remarks, a splen-
did tribute to the late Theodore
Roosevelt. He quoted from the say-
ings and writings of Roosevelt, many
of which are sure to become immor-
tal. He also told of some of the
things Roosevelt stood for and of
many incidents of his life.

The plans of the local committee
were explained by the chairman af-
ter Judge Brown's address. The
county quota is \$200.00 and it was
hoped this amount might be raised
the first year.

Rev. Fr. J. J. Riess of St. Mary's
church volunteered to say a few
things in behalf of the Association
and made a wonderfully strong ap-
peal to the people to give freely to
the memorial fund. The meeting
was closed by the audience singing
the "Star Spangled Banner" and
benediction by Rev. Riess.

On the program, the singing of
"America the Beautiful" by the High
school chorus, was accidentally om-
itted from the program, no doubt
much to the disappointment of the
large crowd present. The meeting
was a success in every way, and
gave promise of quick results in
raising the county quota.

Reports coming in indicate that the
amount to be raised is not coming as
readily as expected. No personal
cavanss has been made except of the
business district, where about \$50.00
was obtained. This is entirely a free-
will contribution and only such as
had a regard for Mr. Roosevelt and
wished to contribute to the fund for
providing a memorial suitable for the
Great American that he was, would
care to subscribe to the fund.

Contributions may be made at the
Banks of Grayling and Frederic and
at several of the stores in Grayling,
through county schools, or by mail to
M. Hanson, county treasurer of the
Association.

Your contribution will be heartily
welcomed. Please don't wait to be
asked.

MACHINES COLLIDE ON CENTER AVENUE.

While driving west on Center av-
enue shortly before 8 o'clock last
night, a Cadillac coupe, driven by
Harry Coryell, collided with a big
Studebaker touring car operated by
James Foreman. With considerable
force, the impact completely wreck-
ing the front end of the touring car,
and cutting Foreman about the face
and hands with flying glass from the
windshield.

Young Coryell was coming west,
according to his version of the acci-
dent, and Foreman was going east on
Center Avenue. At the corner of
Madison Avenue, Foreman attempted
to turn north cutting in front of Cor-
yell's machine, and before either driv-
er could get out of the way, the ma-
chines came together with a bang
that could be heard for no little dis-
tance. Coryell's machine received a
broken frame and was somewhat
dented, while Foreman's car was put
completely out of commission, the
right front part of the car receiving
the entire force of the collision, and
had to be towed to a garage.—Bay

CITIZENS BAND HAD GOOD SEASON

HAS HAD SUCCESSFUL SEASON
AND PLAYED MANY EN-
GAGEMENTS.

Has Splendid Membership and Fine
Spirit Prevails.

At the annual business meeting of
the Citizens' Band, of Grayling, held
the first of the year, the members of
this organization were again assured
of continuing to be under the compe-
tent and efficient directorship of Prof.
Ed. G. Clark, third being his eight-
teenth year as director of the Cit-
izens' band and Clark's orchestra, of
Grayling.

The Grayling Band numbers among
the very few in this part of Michigan
and consequently have been much in
demand at all functions of a public
nature.

On Friday, May 2nd, the band
played their first of the season's op-
en air concert at the Harry Hook
park, and have continued regularly
each Friday evening during the sum-
mer months.

On July 4th the band was engaged
by the Board of Commerce of Cheboy-
gan, Mich., for the celebration held
at that place, and was highly com-
plimented on its street work as well
as on the evening concert played
from the band stand in the City Park.

Clark's Orchestra has been in great
demand this season, filling an en-
gagement at Arbutus Beach; also, at
the Hanson State Military Reserva-
tion, and furnishing an orchestra of
ten pieces at the Grayling Opera
house.

Following is the roster of the band:
Ronald Hanson, Eb clarinet; Wm.
Heric, solo Bb clarinet; Emil Gieg-
ling, first Bb clarinet; Harry Cook,
second Bb clarinet; Clare Cameron,
third Bb clarinet; Wm. Cody, solo Bb
cornet; Ed. Jennings, solo Bb cornet;
Harold McNeven, first Bb cornet;
Leo Schram, soprano saxophone; Percy
Failing, alto saxophone; Esbern
Olson, tenor saxophone; George Ol-
son, baritone saxophone; James My-
ron, French horn; Oliver Cody, French
horn; Colburn Charlefour, French
horn; Floyd McClain, solo trombone;
Leroy Frosch, first trombone; Lionel
McClain, second trombone; Joe Gilt-
mer, second trombone; Charles Gier-
ke, third trombone; Claud Gilson, so-
lo baritone; Clair Borchers, baritone;
Jesse Sales, BB bass; Frank Sales,
Eb bass; Marshall Holliday, tenor
drums; Frank Karnes, bass drum and
cymbals; E. G. Clark, cornet soloist
and director; Lieut. Arthur McIntyre,
drum major.

A rare treat indeed was given the
people of Roscommon and vicinity
August 29th, when the Citizens' band
of Grayling under the leadership of
Edw. Clark, gave an open air concert
from the veranda of the Roscommon
Hotel. The streets were lined with
automobiles, many having come a
long distance, and they were well re-
paid for the trouble. The music was
splendid and greatly enjoyed and ap-
preciated by all, so much so that
many were heard to express their
desire that the band play a return
engagement some time in the future.

The right bed invites perfect re-
laxation. It stands firm. Its head
and foot ends are in perfect align-
ment. Its corners lock tight. Under
pressure of pull or push it holds
secure, moves as one piece without a
rattle, shake or suspicion of unstead-
iness. The Simmons bed will satisfy
you on these points. Come in and let
us show you the new designs today.

Ford
THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting
and lighting system and demountable rims
with 3 1/2-inch tires front and rear, is a family
car of class and comfort, both in summer and
in winter. For touring it is a most comforta-
ble car. The large plate glass windows make
it an open car when desired, while in case of
rain and all inclement weather, it can be made
a most delightful closed car in a few minutes.
Rain-proof, dust-proof, fine upholstery,
broad, roomy seats. Simple in operation.
Anybody can safely drive it. While it has all
the distinctive and economical merits of the
Ford car in operation and maintenance.
Won't you come in and look it over?

Michigan News Tersely Told

Kalkaska—Kalkaska village will rebuild the plant of the Kalkaska Handicraft company, destroyed by fire several weeks ago.

Adrian—Ruth Fitter, aged 2 years, daughter of Mr. and Mrs. John Fitter, of Hillsdale, Mich., died after eating half a box of anti-influenza tablets.

Albion—Ed. Brewer, of Homer, invited some friends to make merry and neighbors called officers, who found 43 gallons of home made liquor, which is being analyzed.

Muskegon—Sidney Pinkerton, Negro alleged rioter in the recent Muskegon street car riots, was convicted in circuit court on a charge of malicious destruction of property.

Kalamazoo—Irvin Neal was seriously injured when his taxicab was struck by a street car and partly demolished. He was hurled to the pavement, sustaining internal injuries.

Kalamazoo—When the freight train on which he was said to be stealing a ride to work did not stop at the mill for water as usual, Albert Dalm was forced to jump. His skull was fractured.

Bay City—Nicholas Derach, living near Standish, was sent to Mercy hospital here as a result of having set fire to a dynamite cap with which he was playing. Part of his right hand was blown off.

Kalamazoo—Overcoats valued at \$150 were stolen from the show window of the George Taylor Clothing company. The Vernon McFee clothing store was also robbed of a dozen silk shirts and other articles valued at \$100.

Northville—Roy Hollis narrowly escaped death here Saturday when a Pere Marquette express train, going about 40 miles an hour, collided with and demolished his automobile. He was cut about the head and face and badly bruised.

Saginaw—Henry Kuipers was backing towards the cash drawer in his meat market with a revolver against his back, ready to comply with request of robbers for the money in the place, when his wife unexpectedly appeared at the back door. She screamed. The robbers, two of them took flight and ran.

Kalkaska—The board of supervisors has ordered executions be given Sheriff Ed Rugg to serve on Mike Lehner, W. H. Bucher and Sol Lessor, to collect shortages of \$2,500 resulting when Charles Mahan, former treasurer, absconded two years ago. The board then adjourned two weeks, to dig potatoes.

Pontiac—"I never have a chance to have any fun, anyway," was the reason given by Rosie Anderson, 15, of Rochester, Mich., when she was taken into custody on a charge of having been an aid to Harold Raymond, 17, when he placed stones on the railway tracks in the village to "see what would happen when the railroad speeder came along."

Ypsilanti—Mr. and Mrs. Bryant E. Knaggs, Ypsilanti, were both instantly killed at the Lay farm crossing when their automobile collided head-on with an east-bound limited car. Witnesses believe Mr. Knaggs was blinded by the bright rays of the sun and that his engine stalled on the tracks. The couple were both well known here. They were married last February.

Kalamazoo—A few weeks ago Davis John shipped a barrel of what was then sweet and legal cider to a friend in Northern Michigan. Freight delays gave the cider a decidedly illegal flavor and the man to whom it was sent, fearing legal entanglement, refused it. Growing more violent and lawless every day, the barrel and contents were returned to Kalamazoo.

Port Huron—Elections will have opportunity to pass on the proposed salary increase for city officials November 4, the commission having decided to submit matter. The new schedule calls for \$4,500 for the mayor and \$3,400 for each city commissioner. The mayor now receives \$2,000 and commissioners \$1,200 each. Proposal calls for amendment of city charter and would also give commission right to increase salaries of city clerk and other officials.

Detroit—Body of Arthur F. Brown, 44 years old, 1095 Garfield avenue, killed Friday by the accidental discharge of a friend's rifle while hunting near St. Ignace in the upper peninsula, was brought to Detroit Saturday. The name of his companion on the hunt has not been disclosed. Mr. Brown had been in the employ of the D. U. R. 25 years. He had been, successively, foreman, division superintendent, superintendent of employment and, finally, disciplinary officer.

Kalamazoo—The \$250,000 plant of the Sanitary Manufacturing company was laid in ruins by a fire starting in an overheated dry kiln. Superintendent Gordon Gavin, was rendered unconscious when he picked up a telephone which had become charged with electricity by a falling high tension wire. The oil house, containing 22,000 gallons of oil, was saved with difficulty by the firemen. The plant was the largest in the United States devoted to the manufacture of bathroom equipment.

Detroit—Leaping from the running board of an automobile with which he had pursued a team of runaway horses several blocks through West Port street, Patrolman Henry Dornbush, of Scottish station, swung from the bits of one of the horses and, though dragged nearly 50 feet, finally succeeded in bringing the runaways to a standstill. The team was attached to a wagon of the Towar Steamship company, and as it dashed past, Dornbush jumped on the running board of a passing automobile and started in

Three Rivers—Adam Christman, while crossing a bridge, was stunned by a glancing blow on the left forehead by a bullet from a 32-calibre rifle.

Birmingham—Charles Erwin, 14 years old, died in Pontiac hospital from injuries received when he fell under wheels of a truck in trying to catch a ride.

Cheboygan—Postmaster Noll received word that the order discontinuing mail service to points on Bois Blanc Island has been rescinded and service will continue through the winter.

Cadillac—Completion of the Mackinac trail between Cadillac and Tustin is being rushed. It will be done in two weeks and formally opened from Grand Rapids to Cadillac next spring.

Hillsdale—Truancy is not being tolerated this year by R. C. Young, new county school commissioner. No labor permits are being granted, as during the war. Many boys are staying out of school for farm work or hunting and trapping.

Lansing—Fox squirrels, which have been protected by law for several seasons, may be killed this year from Oct. 15 to Oct. 31 inclusive. There is no bag limit. Black and gray squirrels are still protected by law and it is illegal to kill them.

Harbor Springs—What was a good gravel road leading to Forrest Beach Inn near this place is now a deep gully. About \$1,500 worth of damage was done at this present point by a cloudburst. Country roads are badly washed out in many places.

Manistee—Mrs. Adolph Kreifeldt was called to the home of her brother, Phillip Wojciechowski, when he died. She left her infant daughter with a neighbor. When she returned she found her little one dead. The cause was acute indigestion.

Saginaw—Reginald Richards, married a month ago, and Louis Harman, pleaded guilty to the charge of attempting to rob Henry P. Kuipers' store. Mrs. Kuipers came in and frightened them away as her husband was about to deliver the cash.

Charlotte—Through the Detroit police Frank Phillips, of Hamlin, has recovered his automobile. It is thought three men from the Michigan State Prison, working at the prison brickyard near Onondaga, escaped in the machine driving it to Detroit.

Monroe—Harry Blanchard, 25, of Highland Park pleaded guilty in circuit court to the charge of burglary of furs from the Laver store here and was sentenced by Judge Root to the state prison at Jackson from 2 to 15 years. The court recommended the minimum sentence.

Bay City—The Board of Health has begun the examination for communicable diseases of employees of restaurants, hotels and cafeterias. It is the intention of the authorities to extend the examination to meat markets, groceries and other places where foodstuff is handled.

Holly—Searching for eggs in a barn by candle light proved a costly pastime for the 4-year-old son of B. D. Norton, of Holly. The lad set fire to a haymow, and the farm barns were destroyed with a loss of 200 bushels of beans, 30 tons of hay and 100 bushels of grain. The loss was covered by insurance.

Albion—Angered at the shooting down of signs, destruction of fences and other depredations by hunters, practically every farmer around Albion is closing his farm against hunting. The squirrel season has opened and many Albion men are in the woods, disregarding the farmers' warning. It is said.

Northville—While coming down the steep grade on the Seven Mile road Saturday, F. M. Mulvaney and wife, of Tecumseh, were seriously injured when their car turned turtle on the slippery pavement, and went into the ditch. Mrs. Mulvaney received a broken collar bone and Mr. Mulvaney was hurt internally.

Muskegon—An attempted hold-up on the Mona Lake road, near Muskegon, was frustrated when another automobile rounded a curve ahead and threw its headlights on the highwaymen. C. R. Walters and C. W. Jackson, both of Muskegon, had been forced to alight at the point of a revolver, but the sudden glare of light frightened away the bandits.

Ypsilanti—Mr. and Mrs. H. Porter and two children of this city, held in Canada because Detroit immigration officers refused their admittance into the United States, will be permitted to return to their home, according to advices from Washington, received in Ypsilanti. Porter and his family left here last summer to visit relatives in Canada. About September 1 they left Canada but were not allowed to land at Detroit when the officials held that Porter's health was not good and he might become a public charge.

Kalkaska—Arming herself with a spear and butcher knife when Ed Deuell, game warden, and J. B. Smith attempted to search her home for illegally caught muskrats, hides, Mrs. James Pontik, Indian wife of a Carlisle University graduate, drove the deputies into a room, holding them while a small son destroyed several hides. Deputy Smith surreptitiously left the premises and called for help. Meanwhile the husband reached home, bearing two dead muskrats. He surrendered, calmed his spouse, went to court and pleaded guilty.

Ann Arbor—Paulino Tenosco, a student from Santa Domingo, Philippine islands, is dead here as a result of intestinal tuberculosis. Tenosco came here to enter the engineering college. He was ill when he arrived and only attended classes three days when he was taken to the hospital. He had made no acquaintances here and his only friend in this country was a man in Fresno, Calif. His parents have been cabled to an address they authorize that his body be shipped home to be buried in the University burial lot.

PARSON KEEPS THE LEAD IN MAKING RETURN FLIGHT

LIEUTENANT B. W. MAYNARD.

Minneapolis, L. I.—Lieut. Belvin W. Maynard won the trans-continental air race when he arrived here from San Francisco at 1:50:05 p. m. Saturday, October 18.

He had already won the first leg of the race, reaching San Francisco from Minneapolis at 1:27 p. m., Oct. 11, flying time 24 hours, 56 minutes, 55 1/2 seconds.

Sixty-two aviators started the race, 15 from San Francisco.

WILSON READY TO RUN MINES

If Strike Takes Place Nov. 1, Country Will Be Seriously Hit.

Washington—Industries throughout the United States will be paralyzed to effect Nov. 1, Government experts estimate. Most of the country will feel the strike seriously long before a month expires, even with good weather. With cold weather two weeks will be the minimum before the public feels the strike.

Figures submitted to the Senate recently show a 10-day supply on hand for railroads. Other figures show a month's supply in reserve.

Because of unequal distribution, many sections will be hit within a week.

The most vigorous steps possible will be taken by the Government, if necessary, to prevent the suffering that cessation of bituminous coal production by the strike of 400,000 workmen would cause, it is predicted by persons whose sources of information are of the best and who are usually correct in their predictions. If the utmost efforts to avoid a strike are unavailing, they say, a Presidential decree, under the Food and Fuel Act, will be forthcoming, by which the Government will take over and operate the mines, protecting them and the workers with United States troops.

This will be only the last resort, however. Every effort possible to bring about negotiations for conciliation or compromise between the men and the owners will be exhausted before this is resorted to. The threat will be made in time to give both sides a last chance, but if everything else fails, the President will sign the decree taking over the mines in the name of the Government.

TROOP GUARD REDUCED AT GARY

Removal of Over 500 Federal Soldiers Takes Place Recently.

Chicago—That the military situation in Gary, Ind., is considered well in hand was indicated by the removal last week of more than 500 of the federal soldiers sent to that city recently when alleged radicals among the striking steel workers staged a monster parade and are said to have threatened to march on the steel mills and "drag non-striking workers" from the plants.

Now less than 800 soldiers are on duty in the strike zone.

The strikers' executive council are emphatic in their denial that the so-called "red" element is influential in their strike movement and are planning to appear before the military authorities and demand that names of alleged radicals among the strikers be made public.

A quantity of "tear bombs" has been ordered shipped to the troops remaining in Gary. These bombs have no permanent ill effect, it was pointed out, but the gas with which they are filled produces copious tears, temporarily blinding their victims. The bombs will be used in case of further disturbances.

Robbed of Gems Worth Over \$100,000.
New York—Robbers entered the apartment of Mrs. Leyla Brandeis, in West Seventy-second street, and escaped with jewels valued at from \$100,000 to \$150,000. Mrs. Brandeis, widow of an Omaha merchant, stated that their worth was considerably more than \$100,000. The jewels were taken from a steel safety vault which is built in a closet in her apartment. The occupants of the apartment were not at home when the robbery took place.

Holland-Beigan Alliance Reported.
Brussels—Several newspapers here are informed that Belgian delegates negotiating in Paris with representatives of Holland relative to the controversy between the two countries arising out of the proposed revision of the treaty of 1859 are about to conclude a compromise with Holland in the form of a Belgian-Dutch alliance. It is understood that in making this arrangement Belgium will give Holland military guarantees. Some newspapers criticize the plan.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

15 Millions to Ukrainian Government.
London—The United States has opened a credit of \$15,000,000 to the Ukraine, according to the Ukrainian press bureau here. This money will be used for the purchase of American goods.

Hurricane Toll Officially Put at 357.
Corpus Christi—The total number of dead and missing as a result of the tropical hurricane here was officially announced as 357 by the bureau of information as a result of revision of figures.

Moonshiners Now Using Bear Traps.
Selma—Bear traps are being used by Dallas County moonshiners as protection against revenue agents, according to Sheriff Stanfill, who had a narrow escape from being trapped. A still was raided. Henderson Watts is charged with operating it.

Ridicules Oath-Taking Report.
Dublin—Sinn Fein leaders here ridicule the statement that they will demand a hearing at the bar of parliament or are prepared to take the oath of allegiance to Great Britain. They say their mandate from the Irish people is for the establishment of an

War Buildings' Inquiry Ordered.
Washington—An inquiry into the cost of construction and maintenance of all Government buildings together with the future disposition to be made of temporary structures built during the war was ordered by the Senate. It will be conducted by the Public Buildings Committee.

Armenia in Peril Without Help.
Washington—The whole Armenian nation will be wiped out unless the United States sends an armed force to halt the massacres by Turks and Kurds, according to witnesses heard by the senate foreign relations committee considering the Williams resolution authorizing the president to send troops.

Legion Members Eliminate Roosevelt.
Rochester, N. Y.—The surprising feature of the closing session of the American Legion state convention was the elimination of Theodore Roosevelt from the list of four delegates-at-large to the national convention, to be held in Minneapolis. Rev. Francis A. Kelly, of Rensselaer, was elected in his stead.

Germany to Float Another Loan.
Berlin—Germany will issue a 5 per cent premium loan to America of 5,000,000,000 marks, the interests on which will be payable only with the principal of redemption of the loan, it is announced. Inducements will be offered to purchasers of the issue in the form of bonuses and drawings with a number of prizes of 1,000,000 marks.

Eagle Boats to Hunt Flyers.
Washington—Two Eagle boats have been ordered by the navy department to proceed to Tobermory, Ont., to search for Capt. Harold Gammann, army balloonist and his aide, who have been missing for several days. Their balloon was found in Lake Huron some days ago, after they had started in the recent endurance race from St. Louis.

"Uncle Joe" Against League of Nations.
Washington—"Uncle Joe" Cannon is against the League of Nations and will not contribute to the propaganda of the League to Enforce Peace. Senator Lodge caused to be read in the senate a letter which "Uncle Joe" wrote to the League to Enforce Peace, refusing a request for a contribution for a campaign in behalf of the League of Nations.

Bulgaria Still Holds German Love.
Saloniki—Dispatches from Sofia say demonstrations favorable to the Germans took place recently at a moving picture theater in that city at which pictures of the signing of the Versailles Treaty were exhibited. The crowd was silent when the Allied delegates were shown in the Hall of Mirrors, but applauded vigorously when the German representatives appeared.

Kaltschmidt Now Seeks Freedom.
Leavenworth, Kans.—Albert Kaltschmidt, Detroit bomb plot leader sentenced by Judge Tuttle in Detroit, has filed a habeas corpus suit to obtain his release. He says he was sentenced to two years on one count and one on another and contends the sentences are void because federal law provides that a sentence must be for more than a year. Kaltschmidt is to be deported to Germany when released.

Parole Restores Lad's Sight.
Washington—Emery V. Billstone, of Dunkirk, N. Y., the 16-year-old boy who was stricken blind from hysteria when sentenced to a penal institution for violation of a postal law, and who later was paroled by the department of justice, will regain his sight as a result of the clemency extended. This information came in a letter from the boy's father, received by Representative Daniel A. Reed, of New York, who interested the federal pardon board in the case.

D. B. C. is Given to Vanderbilt.
Washington—Brigadier General Cornelius Vanderbilt has been awarded the distinguished service medal for "exceptionally meritorious and distinguished services as commanding officer, 102nd Engineers, and as engineer officer of the twenty-seventh division. The war department also announced the award of similar decorations to two other officers of the Twenty-seventh division Brigadier-General Albert H. Blanding, of Barlow, Fla., and Colonel Franklin W. Ward, of Albany.

EIGHT ESCAPE FROM COUNTY JAIL

PRY HOLE THROUGH BRICK WALL AND CLIMB DOWN FOUR STORIES.

ONE HURT IN FALL, CAPTURED

Rope Snaps and Prisoner Hits Ground Two Stories Below, Breaking Ankles.

Detroit—Eight prisoners, including several known to the police as desperate characters, escaped last Sunday night from the Wayne county jail by prying through the brick and stone wall, and climbing down four stories on a ladder made of roped quilts.

The prisoners picked the mortar from between the bricks and stones with pieces of hard wood ripped from their cots. They had been detained in the hospital ward on the fourth floor.

One of the prisoners has been captured. He is Edwin Fahnlley, held for federal authorities on a charge of violating the drug act. He was found at Beaubien and Mechanic streets, crawling on hands and knees, by Patrolman Martin Conklin, of First precinct station. At Recolving hospital, it was ascertained that both his ankles were broken. Fahnlley said the ladder broke when he was between the second and third stories.

Following are the men still at large: Charles Allen, 27 years or age, held on a charge of robbery; arrested on Jefferson avenue with two pistols in his possession.

Harry Black, 29 years of age, Negro; arrested on robbery charge. James Dolan, alias Mack, 20 years of age; sentenced Saturday by Judge Wilkins to serve from seven and one-half to 20 years in Marquette prison for robbery. Dolan was the companion of Lenevieve Granger, when she shot and robbed a pedestrian.

Henry Davis, Negro, 34 years of age; held on a charge of breaking and entering.

Charles Foster, 30 years of age, breaking and entering.

Nikola Vuello, 23 years of age, charged with robbery of a Highland Park bag.

Robert White, 23 years of age, charged with grand larceny. White is alleged, stole jewelry and clothing valued at about \$3,600 from the Hotel Cadillac last August.

PRESIDENT SLOWLY RECOVERING

Operation Will Not Be Necessary to Reduce Swelling of the Glands.

Washington—President Wilson is recovering nicely. No operation will be necessary to relieve the swelling of the prostate gland which has complicated the case and the president is making slow but satisfactory progress toward recovery from his nervous exhaustion.

The program of complete rest from official cares prescribed by Dr. Grayson and his associates will continue to be enforced, it was stated. There is no intention of referring to the president any matter not absolutely requiring the exercise of his official powers.

Dr. Grayson indicated he would not favor referring any bill to the president for signature at present, unless it was one on which he desired to exercise his veto power. Otherwise measures will be allowed to go upon the statute books at the expiration of the 10-day period provided by the constitution.

The prohibition enforcement bill now is awaiting presidential action. The impression prevailed that it would be allowed to become effective without Mr. Wilson's signature.

LUIKART CHILDREN HAVE BIG DAY

Take Auto Ride in Park and Enjoy All Kinds of Sweets and Dainties.

Chicago—Sunday was a red-letter day for the Luikart babies, Shirley and Edna, who have practically recovered from the poison administered by their demented mother. Both showed so much improvement that Dr. Carter ordered up a big car and took them to Lincoln park, where they indulged in ice cream and other dainties. After this, the two little girls danced for them.

Thousands of children were in the park and the word spread rapidly that the Luikart babies were in the reformatory. Children were admitted until the great room was filled, except for the little semi-circle where the tiny dancers gave their entertainment.

65 Autolets Liable to Lose Licenses.
Detroit—In fulfillment of the threat made by Dr. James W. Inches, police commissioner, September 17, William P. Rutledge, superintendent of police, is considering recommendations for the suspension of 65 automobile drivers' licenses. The recommendations were submitted by Inspector Harry Jackson, of the traffic department; if approved by the superintendent they will go to Coleman C. Vaughan, secretary of state, for final action.

American Troops Ready for Silesia.
Washington—American troops to occupy the Province of Silesia, if such action is ordered by the Supreme Council in Paris, will sail this week from New York on the transport President Grant. Secretary Baker announced. Mr. Baker could not say what the strength of the American force would be, but he had heard 5,000 men suggested as necessary to carry out America's part of the policing of Silesia during the plebiscite in that country.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my household work. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINGER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binger that have made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. "FIDDLE-FIT"
Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.—Adv.

ARE CARRYING IT TOO FAR
Bathing Costume for Tennis Is the Abbreviating of an Abbreviation.

This is the day of brevity. The names of states and cities are abbreviated, Christian appellations are cut short and initials substituted. The grocer abbreviates "potatoes" to "spuds" and condenses "crackers" to "crax." The butcher writes "PC" when he means "pork chops," and the chemist shortens "water" to "H₂O." The printer, referring to "a mass of balled-up type," cusses and calls it "pl." Likewise, the sport writers characterize the "knock out" as "KO." The doctor indites "cod-lin" when he wants "cod-liver-oil."

But abbreviations are not confined to words. The Yanks abbreviated the war. The rising cost of living has abbreviated the purchasing power of a dollar. The airplane has abbreviated space, and electricity has abbreviated time itself. The laundry often abbreviates the size of one's new shirt. Fashion frequently abbreviates costumes.

There is, however, such a thing as abbreviating too much. For in France, a bathing suit is considered sufficient raiment for one who is in the swimming pool, but it is highly objectionable elsewhere. Tennis players clad in bathing suits are carrying the abbreviation habit too far.

They are abbreviating abbreviation!

Ottas Skinder arrived here a few days ago from Copenhagen, Denmark. Mr. Skinder is a civil engineer, and is visiting this country with a view of obtaining a study of the methods used here. He speaks Danish, Swedish, German and French and expects to leave soon for the Ashland college at Grant, Mich., to study English.

Mr. and Mrs. George McCullough are in Detroit this week, the former going to attend the meeting of the Grand Lodge of the Oddfellows, which is being held in that city. Others from here who are in attendance as delegates and otherwise are the Misses Augusta Kraus and Margaret Hemmington and Messrs. Holger F. Peterson, Alfred Hanson and Albert Roberts.

Monday evening marked the opening meeting of the Queen's Social club for the winter season. This meeting, which was merely to organize, was held at the K. of C. club. The next meeting will be held some time during the first week in November, but the exact date has not yet been determined upon. All young ladies of St. Mary's parish are invited to become a member of the Queen's Social club, and may leave their names with Miss Nola Sheehy, secretary.

There will be a Hallowe'en Red Cross dance at the party at the school auditorium, Friday night, October 31. The County chapter is under heavy expense in supplying a county public health nurse in the paying of her salary and necessary expenses, which will no doubt mean nearly \$2,000 the first year. You can help in the work by attending the party. Music will be furnished by "Pat" and his orchestra. Admission will be \$1.00 and you will have your money's worth.

After an absence of a few weeks, Carl Nelson has resumed his position as driver for the American Railway Express company, succeeding Tracy Nelson. Tracy is now the new clerk in the Salling Hanson Company store.

Heading the call of big game, Charles Adams accompanied by his wife and two children left Tuesday for Innesville, Alberta, where he will hunt Moose and other big game that roam the wilds of that country. Charlie is an experienced hunter and we expect him to bring home some proof of his marksmanship.

No doubt some of our citizens are wondering what the whistles in the vicinity of the Roundhouse are blowing every day for. The reason is to let the employees of the Railroad and others interested know that there has been no accidents in the past twenty-four hours, during the Safety-first week of October 18th to the 31st. So far the Mackinaw division is playing its part well and we earnestly hope that there will be no accidents during this drive. This drive is a sort of a contest throughout the country with the different railroads and every employee is certainly "watching his step."

We aim to sell such furniture so that it will be the customer, not the furniture that will come back.

FINE DISPLAY OF FARM PRODUCTS

EXHIBIT BY JOS. BURTON EXCELLENT EXAMPLE OF WHAT FARMERS CAN DO.

A Collection Placed in Fine Display Window of The Simpson Company Grocery.

It is with a great deal of pride that Jos. Burton offered for public inspection some of the products of his farm by placing a fine collection in one of the display windows of the Simpson Company grocery, where hundreds have been most agreeably attracted.

The specimens are all of exceptional merit as to size and quality. In the center are a couple of large pumpkins, the larger weighing 27 1/2 pounds. Grouped about it are beets, cabbages, potatoes and corn. It does not seem possible that any farm in Michigan can show such fine products. The corn, Wisconsin No. 8, are large, plump ears, the kernels running from the knob to the nose and every row perfect and full. Mr. Burton says that he expects to husk 700 bushels of this crop.

The specimens shown are not extra selected lots but a general variety of the crops grown on his farm this season. His farm is located in Beaver Creek township and is one of the best established and equipped in the county, if not the best with the possible exception of the South Branch Ranch company farm in South Branch township.

Mr. Burton and his farm manager, Henry Borchers, are to be congratulated upon the fine showing they have made this season and for the several seasons past. This place is known as "Edgewood" farm.

We have on display a number of attractive articles in the most beautiful needle cut glass ware. Suitable for gifts.

A Traveling Man's Experience. You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitutes. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." Adv.

A Bargain in Good Reading.

Thirty-five volumes of the best reading—in weekly installments—for less than five cents a week. That is just what The Youth's Companion offers for 1920 really means. The contents of the new volume, which will include 8 serial stories, over 200 short stories, fifty or more articles by men of great attainment, sketches, special departments, and so forth, would make 35 good volumes (at \$1.65 each) if published in book form.

Not a line is waste reading. You get something always worth remembering, worth using as a guide to your thoughts and actions.

If you subscribe as soon as you see this notice you will receive all the extras mentioned in the following offer, including the opening chapters of Harry's Herd, a fascinating, 10-chapter story of life on a cattle ranch.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.

2. All remaining weekly 1919 issues.

3. The Companion Home Calendar for 1920.

All the above for \$2.50.

GRAYLING, THURSDAY, OCT. 23.

LOCAL NEWS

Leo Schram is confined to the home of his parents by illness.

Mrs. W. T. Hammond of Bay City was in Grayling last week calling on friends.

Clarence Johnson returned last week from Albion, where he had been attending Albion college.

Miss Lois Bourasso of West Branch was a guest of Miss Mildred Bates a couple of days last week.

Mrs. Hans Petersen and daughter Miss Nina returned home Friday from Detroit where they had been for several weeks visiting relatives.

Mrs. O. W. Roeser and family left last Saturday for Saginaw to join Mr. Roeser. They moved their household goods the same day, and expect to make their future home in that city.

Mr. and Mrs. J. T. Lamb returned Tuesday from Detroit, where they had been spending some time. They also visited in Pontiac, Bay City and other cities. They were away about a month.

Health Officers Peter E. Johnson of Grayling, L. A. Gardner of Frederic and James Thompson of Maple Forest attended a meeting of the State Board of Health in Lansing Tuesday of this week.

Alfred Hughes is driving a fine new Oakland touring car.

W. E. Green spent a few days in Bay City this week, visiting his parents.

James Miller, oldest son of Mr. and Mrs. William J. Miller, had his collar bone dislocated last Wednesday while playing near his home.

Mr. and Mrs. Angus McPhee entertained the former's brother and wife, Mr. and Mrs. Robert McPhee of Cheboygan, the first of the week.

Mrs. Alex Lagrow returned home Wednesday from Detroit, where she had gone the latter part of the week on account of the illness of her mother.

Waldemar Jensen spent a few days in Grayling the fore part of the week. He came up from Saginaw where he is engaged in his decoration business.

Mike Brenner has rented the building formerly used as a bowling alley, and will open a tailoring, cleaning and pressing business. At this time he is busy getting things in shape to open up.

Mr. and Mrs. Leo Seymour returned yesterday from their honeymoon trip to several places in Quebec. They left this morn., accompanied by Miss Carrie Lagrow, to motor to Saginaw to spend a few days.

Some of the "Old timers" that had been thinking of taking a trip to Detroit and then over to Windsor, but now the "blooming, blasting Canucks" up and voted it dry. Looks as though we would have to be content with the Home-brew yet for a while.

George Kuster of Bay City has purchased the Thomas Cassidy house on Michigan avenue and is moving his household goods into it, intending to make Grayling his future home. Mr. Kuster is a trainman on the Michigan Central road.

The latest workers to join the strikers are our hens. Although they haven't submitted their demands yet, we cannot figure out why they refuse to work. We certainly have been using them fine so they could get out their daily quota of eggs, but it seems they want something else. If the hens only knew how high and scarce fresh eggs are, we think they would go willingly back to work.

When better repairing can be done, Olson will do it.

The Red Cross—the heart of humanity. See those trained monkeys! November 7th.

Thrills! Thrills! Thrills! Hall of mystery! At the circus. November 7th.

Mr. and Mrs. C. J. Hathaway are entertaining the former's niece Miss Mable Bristol of Orion, for a few days. She arrived last Friday.

If some gentleman will kindly wear a high, stiff hat to the circus, it will greatly help the Professors Mike and Ike in their great prestidigitational act.

Pat's four-piece orchestra will furnish music for the Red Cross benefit dance at the school gymnasium Hallows' night. Admission will be \$1. You are invited.

Earl W. Dawson, Allen B. Failing and James Olson drove to Oxford last Sunday. Mr. Olson remained at that place, while the former two gentlemen returned home the following day. Mrs. Olson and children will not leave for their new home until the latter part of the month.

James Gurney, who with his brother George Gurney reside on a farm in Beaver Creek, was stricken with paralysis last Friday. He was brot from his home in Beaver Creek to the home of his niece, Mrs. Al. Cramer of this city for medical aid. He is still in a serious condition.

Mrs. C. Dufour, who has been visiting her daughter, Mrs. C. M. Hewitt for the past couple of months, returned last week to her home in Bay City. Miss Louise Dufour, a sister of the latter, who has been visiting at the Hewitt home also returned.

Dr. and Mrs. S. N. Insley left this afternoon for Detroit where they will be joined tomorrow by their children, Miss Margaret, Stanley and Marius, and together they will go to Colburn, Ontario, the old home of the Doctor, for a visit. They expect to be gone a couple of weeks.

Of interest to friends here will be the announcement of the marriage of Mr. Carl G. Johnson, son of John A. Johnson of this city to Miss Mary Elizabeth Kleihege, which will take place Tuesday morning, October 28, at St. Joseph's church, Hammond, Indiana. The groom is a graduate of our High school, and during this Spring was honorably discharged from service in the U. S. navy, where he had been yeoman aboard the U. S. President Grant since the opening of the Great War. Being well and favorably known in his home town, his friends extend his wishes.

At a meeting held at the Court house last week Friday afternoon, the committee appointed by the Board of supervisors of the county to make plans for a suitable memorial for our boys that served in the Great War, a committee consisting of Wm. S. Chalcker and Rasmus Hanson were appointed a sub-committee to look up further matters concerning the project. It is tentatively agreed to provide a memorial along the lines of a Community Memorial house. Just in what shape this will ultimately be nobody knows at this time. The idea of a marble monument or fountain seems to be generally out of harmony and no doubt will not be considered by the committee.

At the convention of the American Legion held in Grand Rapids the fore part of last week, Lieut. Colonel Augustus H. Gansser of Bay City, was elected state chairman of the Michigan branch of the American Legion. He was opposed by Lieut. Col. Guy M. Wilson of Flint. Fred W. Zinn of Battle Creek, was chosen vice chairman. Other officers elected were: Adjutant, Lyle D. Tabor, Detroit; financier, O. W. Tower, Lansing; historian, Douglass Hall, Kalamazoo; master-at-arms, C. A. McColl, Owosso; chaplain, Patrick Dunnigan, Flint. State headquarters of the legion will remain at Detroit another year and next year's convention will be held at Bay City. A resolution granting a \$100 bond to each ex-service man for each month of service between April 2, 1917, and November 11, 1918, was passed by the convention. Other resolutions passed condemned activities of the "Red" socialists and deportation of aliens who evaded military service by claiming citizenship in a foreign country. Einar Rasmussen and Emil Giegling of the local post were in attendance at the convention and report a fine meeting.

RED CROSS NEED OF MONEY TOLD

Work Must Be Carried on Across the Waters and in the United States.

PEACE PROGRAM PLANNED

Enrollment Is a Vote of Confidence in the Future and an Appreciation of Tasks Accomplished.

The American Red Cross is preparing to launch its third Roll Call, to be held from Nov. 2 to 11, for 20,000,000 annual members and \$15,000,000.

The first question that will arise is:

"Why does the Red Cross need money? The war is over."

National headquarters of the American Red Cross has answered this question, and has outlined graphically the reasons why it is necessary to raise \$15,000,000 for its international, national and local work.

In brief the answer is as follows:

Because: The actual war work is not completed. The Red Cross cannot lay down its responsibilities to the American soldiers, sailors or marines until everyone of them has been released from service, recovered from illness or wounds or receiving proper care, or back in the place in the world from which the war snatched them.

Because: The American Red Cross is planning to launch a comprehensive program for peace times, designed to prevent the needless waste of human lives through preventable diseases and accidents in America; continue and broaden its home service work and public nursing, first aid, home hygiene and Junior Red Cross activities.

Because: By a recent act of Congress medical, surgical and dietary food supplies valued at \$35,000,000 were turned over to the Red Cross by the government, the supplies having been purchased for use with the American forces. These supplies are scattered throughout Europe, many of them far from the places where they are most needed. The prompt and efficient distribution and handling of these supplies means the maintenance of a force of trained workers where the supplies are and where they are most needed.

Because: Pestilence and starvation have gripped many European countries because of the war. These countries are unable to cope with their own difficulties, and the only force organized with facilities capable of stepping into the breach and bringing order from chaos is the Red Cross. Typhus is sapping the man strength of many countries, and the American Red Cross is using every available power to check it.

Because: The Red Cross must be prepared to meet emergencies arising from disasters at home and abroad.

The Red Cross membership must be maintained at its present high standard. Every enrollment is a vote of confidence in the past performances of the American Red Cross and a reaffirmation of the belief in the principles for which it has stood in the past and its plans for the future.

The Red Cross, having committed itself to a definite and comprehensive program, cannot turn back, and to go forward it must have as general a membership as possible and ample funds to provide for any contingency.

LOCATES MOTHER AFTER FOUR DAYS IN DESERT SANDS

Four days by camel from Damascus, in a little desert village nestled in the blazing sands, lived the Syrian mother of an American soldier, waiting, yearning for word from her son who had gone to far-off America.

George Hamway, the son, enlisted with the American colors when this country went to war, and fell fighting in the Argonne, leaving to the mother a \$5,000 government insurance policy. The address of the mother was vague. She lived in the heart of the desert, four days from Damascus—that was the only address George knew.

The task of finding the mother was given to the Red Cross mission in Palestine, and the search was started immediately. Strange by-ways of that land of mystery—the great desert—were visited by Red Cross workers, and at length the mother was found.

She was taken to Damascus by camel, accompanied by witnesses establishing her identity, and after much palaver it was explained that the American government would make remittances to her which meant comparative affluence for her declining days.

CLUBS TO AID RED CROSS.

A series of club days are being arranged by the Red Cross as a forerunner of the Third Roll Call to be conducted from November 2 to 11. Business, commercial, rotary, Kiwanis, advertising, fraternal, women's and other clubs are being invited to set aside one meeting day to be devoted to the Red Cross.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dugway, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea remedy with such wonderful results that I have since recommended it to my friends." Adv.

MICHIGAN'S TRIBUTE TO COL. ROOSEVELT

On Jan. 16, 1919, the Senate and House of Representatives of Michigan, met in joint convention in Representative Hall, Lansing, to do honor to the memory of Theodore Roosevelt. Following the delivery of eulogies by various members of these bodies resolutions were unanimously adopted paying tribute to his memory. After referring to the great sorrow caused by the Colonel's death the resolutions read:

"Whereas, Colonel Roosevelt's long public career and private life were marked by a refreshing courage, prophetic vision, an inspiring devotion to principle, reinforced by a dynamic personality, a pure heart and an active mind and body, all of which he combined to elevate the standards of our political morale and in more recent years, to strengthen and stabilize the ideals that recreated our national spirit from almost indifference to one hundred per cent Americanism; and

"Whereas, His voice and acts have done so much to promote and stimulate the youth of this and future generations along the pathway of clean living, square dealing, respect for authority, intellectual development, physical upkeep, military training, religious tolerance and devotion to the flag; and

"Whereas, All Michigan has a proper sense of the great constructive service Colonel Roosevelt has given to mankind as a public servant and as our nation's most distinguished private citizen, and having desire to give expression to this common feeling of appreciation of a great and honorable name; therefore be it

Resolved, By the legislature, acting for the citizens of Michigan, in joint convention assembled, to pay tribute to the memory of our beloved ex-president, that these resolutions be spread upon the journals of the Senate and House of Representatives, and the same be suitably engrossed, duly authenticated and forwarded to Colonel Roosevelt's family at Oyster Bay.

HOME MADE TEA FOR CONSTIPATION

Is used by entire families because it is purely vegetable, does the work and costs very little.

Why pay high prices for Liver and Bowel remedies when none are better than Dr. Carter's K. and B. tea, which is purely vegetable, can be brewed at home, and a small package will last a long time.

Thousands of old people will tell you they have been drinking it for years, and after the liver and bowels have been put in the condition in a few days by a before bedtime cup, that only an occasional cup is afterwards necessary to keep one feeling fit and fine.

People who drink a cup of Dr. Carter's K. and B. tea once in a while, will find it ever, have any bilious attacks, sick headache or sallow skin. It's good for boys and girls, especially those who are peevish and fretful. Druggists have been selling it for many years.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down, under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL HANCOCK OIL CAPSULES, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes—Adv.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper—Adv.

The Potato.

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it, and behold, from year to year the potato thrives and grows, gaining in size and in nutritive properties, and finally becomes a succulent tuber as large as your two fists.

The \$1,500 remaining he proposes to expend for motion picture films, advertising banners and posters.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for centuries. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monach, acetylchloester of Salicylic acid.—Adv.

Teddy Told Him.

When Theodore Roosevelt was president a man visited him who had a request to make. In his arms he carried a bundle of letters of introduction. He stated his request and closed his argument with these words:

"Mr. President, I am sure that if you do this for me you will please the people of my state. In fact, I could have brought with me a thousand letters more asking you to do it."

"Oh, please," was Roosevelt's blunt reply. "I could get a thousand people in your state to sign a petition to have you hanged!"

BREAKS YOUR COLD IN JUST A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's—Adv.

Snakes.

It is known that some species of serpents lay eggs, as farmers often find them up and upon opening them they find the embryo snake within the leathery covering. The eggs of the same species vary in size and shape, but are always oval. As a rule it is the constricting snake, or those which kill their prey by squeezing it, that lay eggs; such as the black snake, box constrictor, etc.

BOSCHEE'S SYRUP.

In these days of unsettled weather look out for colds. Take every precaution against the dreaded influenza and at the first sneeze remember that Bosch's Syrup has been used for fifty-three years in all parts of the United States for coughs, bronchitis and colds, throat irritation and especially for lung troubles, giving the patient a good night's rest, free from coughing, with easy expectation in the morning. Made in America and kept as a household panacea in the homes of thousands of families all over the civilized world. Try one bottle and accept no substitutes.—Adv.

Crooked Golf.

Suzanne Lenglen, the world's tennis champion, was talking to a group of American correspondents at Wimbledon.

"I don't care for golf," she said. "I think tennis is much nicer. I think golf is queer."

"How queer?" said a golfer.

"It lets you cheat so easily if you're inclined that way. My father played golf one day at Nice with a German. As he teed off on the first green the German said to him:

"How many strokes did you do the hole in?"

"Seven," said father.

"It's my hole, then," said the German. "I did it in five."

"Father didn't say anything, but when the German asked him at the second green how many strokes he had taken, he laughed.

"No, you don't, Herr Samerknaut," he said. "This time it's my turn to ask first."

Unkind.

"I just love to sit and watch the people dance."

"Yes, I can't dance these new steps, either."

No Secrets About It.

"Can a man have wealth untold, pa?"

"Not if he has a wife, my son."

After all, the easiest way to do a thing is to do it right.

NERVES GAVE OUT

Serious Kidney Trouble Had Made Life Miserable, But Doan's Removed All the Trouble. Hasn't Suffered Since.

"I had such severe pains in my back," says Mrs. Albert Krody, 304 W. Indiana Avenue, Philadelphia, Pa., "that they almost doubled me up. Many a day I could not do any housework and at every move it seemed as if my back would break in two. My feet and ankles swelled until I had to wear huge-sized slippers and sometimes I couldn't stand up."

"I had dizzy spells and dreadful headaches and fiery flashes passed before my eyes. Had a heavy weight been resting on my head, the pain could not have been more distressing. The least noise startled me. I was so nervous, I couldn't control the kidney secretions and the pain in passage was awful."

"It began to look as though my case was beyond the reach of medicine until I used Doan's Kidney Pills. The first box benefited me and four boxes cured all the troubles. I have had no further cause for complaint."

COUNTY AGENT'S COLUMN

The eyes of the up-to-date dairy men will be turned more and more to Crawford County as time goes on, as a place in Michigan that produces dairy stock second to none.

One of the great factors, in fact the greatest factor in this movement is the Winn-Wood Herd owned by John Winn Incorporated, which today stands peer to any herd in the state. The latest and greatest addition to this famous herd is the purchase of a new bull, Sir Ormsby Sky lark Burke, sired by Sir Ormsby Skylark, the latter being the sire of Dutchess Skylark Ormsby which is the only cow of any breed that has produced better than 1600 pounds butter fat in one year.

The breeding and family records of this bull shows him undoubtedly to be the best ever brought into Michigan, and the Winn-Wood Herd and Crawford County are to be congratulated. These are the things that will put Crawford County on the map permanently. Such moves as this should be emulated by all the farmers and business men of that county along all lines. Make for the best swine, the best seeds, the best quality of everything from men and women, boys and girls to cabbages and schools.

Every farmer in the county should at some time take time to call and see the Winn-Wood herd. There is no question that he will feel the time very profitably employed. John Winn, the proprietor is one of the most genial of men, and a fountain of cow knowledge. Thoroughly practical, deeply studied, and with a love for the game he inspires all with whom he comes in contact with new ambitions for better things.

Isn't it a "Grand and Glorious feeling" to know that you have a silo full of corn and sun flower silage as winter comes on. For you there will be no torturing frozen cornstalks out of the snow. You know that in the warmth of your barn you will be feeding your cows the succulent feed they need, and that you will experience the content of seeing a steady milk flow, not experienced by the feeder of dry hay and cornstalks. You also will experience the glow occasioned by the trickle of dollars into your pocket by the sale of the winter cream. If you have also been foreseeing enough to have fall freshened cows you will have a comfortable job at remunerative returns ahead of you this winter, and next summer when you are being driven with the crops your work at silking time will be at its minimum. With silage this constitutes practical Farm management while without silage it is an impossibility.

At a recent meeting Crawford County Grange No. 934 unanimously passed a resolution asking the Board of Supervisors to make the necessary appropriation to secure the services of a County Agent for that County.

The County Agent has been keeping tab on the difference in price of potatoes between that paid by the dealers in these counties and the price obtained by the farmers through their co-operative marketing associations. In the beginning of the season the dealers in this section were 49 cents per hundred lower than the association prices. This has been gradually lowered until on the 18th they were only 17 cents lower and on the 20th they are 22 cents lower. It is to be remembered that the farmer when marketing through his association has to furnish his own risks. So when the dealer furnishes the money and runs the risks he probably is not asking too much when he keeps the price from 15 to 20 cents less than the association can get for the farmers, altho the Michigan Potato Growers Exchange which last year handled one-fifth of the potato crop of Michigan, found that 2 cents per hundred set aside for insurance was ample to care for the risk from loss.

The experience of the 5000 farmers who are members of the Potato Marketing Association of the Northern and Northwestern counties of Michigan, last year was that it cost them 100 cents per hundred to market their potatoes, which included overhead, insurance, 1 cent per hundred for advertising fund and everything connected with the business. When these associations were formed the farmers affliating only pledged the sale of their potato crop through them. Evidently their experience has been gratifying because this year the membership has increased and the farmers are now trying to arrange to pledge handling all their crops through the associations.

DeKalb County, Illinois, enjoyed the distinction of having a County Agent, paid by the farmers, before there was any congressional or other aid for this purpose. It is quite significant that when the Illinois Farm Bureau Membership campaign was on, that 95 per cent of the farmers of this county took memberships at ten dollars per year. There must be some very foolish farmers in DeKalb County, or else they see something that has heretofore been denied to some other farmers. What you think?

The best proof. Read it:

Phil Moran, brakeman, Chestnut street, says: "I have used Doan's Kidney pills off and on for many years with excellent results. Often my back has become weak and lame and ached through the small part of it. The kidney secretions were too frequent in passage also. Every time I have been this way, I have used Doan's Kidney pills, getting them at Olson's Drug store and they have never failed to cure the attack." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney pills—the same that Mr. Moran had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An Agreeable Surprise.
"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy. Adv.

CONRAD SORENSON

STATE OF MICHIGAN

The Circuit Court for the County of Crawford in Chancery
Walter Winslow, Plaintiff.

vs.
Edna Miles, Defendant.

Suit pending in the Circuit Court for Crawford County, in Chancery, on the 19th day of September, A. D., 1919 at the Village of Grayling in said county.

It satisfactorily appearing to the court by affidavit on file that a chancery summons has been duly issued out of and under the seal of said court, for the appearance of said defendant therein, and that the same could not be served on said defendant because that after diligent search and inquiry it could not be ascertained in what state or country the said defendant resided, or the whereabouts of said defendant, and that said chancery summons has been returned by the sheriff of said county with his certificate thereon indorsed that after diligent search and inquiry he was unable to find the said defendant in the State of Michigan on or before the return day of said summons, on motion of Homer L. Fitch, attorney for said plaintiff, it is ordered, that the said defendant, Edna Miles, cause her appearance to be entered in this cause within three months after the date of this order, and in case of her appearance that she cause her answer to the plaintiff's bill of complaint to be filed, and a copy thereof served upon the plaintiff's attorney, within twenty days after service on her of a copy of said bill and notice of this order, and that in default thereof said bill be taken as confessed by said defendant.

And on like motion, it is further ordered that within twenty days after the date thereof, the plaintiff cause a notice of this order to be published in the Crawford Avalanche, a newspaper printed, published and circulating in said County of Crawford, and that such publication be continued at least once in each week, for six weeks in succession, or that he cause a copy of this order to be personally served upon said defendant, at least twenty days before the time above prescribed for her appearance.

And on like motion, it is further ordered, that the said plaintiff cause a copy of this order to be mailed to said defendant at her last known postoffice address, by registered mail, and a return receipt demanded, at least twenty days before the date herein prescribed for her appearance.

The Story of a Turcot Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turcot Captain. His pay today is \$165.76 per month.

A man's life — among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing, for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see loved ones at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

The Only Tires Built To an Advertised Ideal

Seldom do you hear of an entire organization taking pride in an ideal. Rarely will you find a product built to hit so high a mark.

But that's how Fisk Tires are made — by men whose aim is —

"To be the Best Concern in the World to Work for and the Squarest Concern in Existence to do Business with."
